

INFORMATION KIOSK

GS-557 IK

Information is the organizations' most valuable asset. Delivering it should be more than just displaying read-only text and graphics. Deliver it in the most splendid way! A perfect blend of art and technology. Our Information kiosk makes information access an enriching experience. Equipped with multimedia, touch screen and customizable software, it is an ideal medium for disseminating any kind of information. Since it is able to capture photographs and movies it is well-suited for security applications as well. Based on open standards and built with industrial-grade components, the kiosk can run on any platform and anywhere on the planet.

APPLICATIONS

- Displaying Products / Services Information interactively using multimedia
- Package Status Tracking at a courier/postal service centre
- Catalogs at Libraries and Video Shops
- Attendance Recording
- Video Conferencing
- On-the-Spot Registration for Events / Seminars
- On-the-spot Issuance of admit Cards / Passes
- Self service at Reception Desks
- Security Applications
- Personnel Identification Security Applications
- Access Control Security Applications
- Biometric based Security Applications e.g. AFIS, Iris Scan etc.

DIMENSIONS

Height: 1620 mm
Width: 550 mm
Depth: 600 mm

Features

- Built-in Multimedia support
- Touch Screen
- Sleek artistic design
- Industrial grade main board
- Open-Standards based Non-proprietary Hardware architecture

System	
Operating Environment	Temperature : +6°C to +50°C Humidity : 85% Non-Condensing
Power Supply	Voltage: 110VAC - 220VAC ±5% Frequency: 50Hz ~ 60Hz ±5%
Main board	Industrial Grade with built-in Audio/Video Support
Processor	Intel Pentium III (1.0 GHz)
Memory	256 MB SD RAM
Data Storage	40 GB
I/O Ports	4 Serial (COM), 2 Parallel (LPT), 2 USB
Graphics Support	LCD Controller Integrated 2D/3D Graphics Engine, 4X AGP 15"/17" LCD Touch Screen Maximum Resolution: 1024x768 pixels Anti-glare Surface Brightness/Contrast Adjustment
Touch Screen	15"/17" LCD Touch Screen (5-wire Resistive/IntelliTouch)
Operating Platform	Microsoft Windows

Touch Screen

15"/17" (5-wire Resistive/IntelliTouch)

Audio

4 Watt RMS/channel stereo amplifier
2 x Dual cone, high compliance 100mm speakers

Add-on Options

Voice Guided Assistance
Customizable Kiosk Software Info Access with features to launch presentations at pre-defined timings/intervals, Usage Monitoring, executing Desktop, Intranet and Internet applications.
Customizable Security Software for Personnel Identification and Access Control e.g. Biometric Identification employing Iris Scan or AFIS etc.

Construction

Heavy-duty anti-rust kiosk body.

Service and Support

Covered by comprehensive 1-year warranty followed by a maintenance contract.

Specifications are subject to change without prior notice.

Graphics Support

LCD Controller
Integrated 2D/3D Graphics Engine, 4X AGP
Share system memory architecture able to utilize the display memory size up to 64 MB
Maximum Resolution for video chipset : 640x480, 800x600, 1024x768, 1280x1024, 600x1200, 1920x1200, True Color

Network Connectivity

The machine is compatible with a variety of network connectivity options including:
Ethernet 10/100 MB
PSTN
ISDN
Wireless

Colors

Available in a variety of colors to suit corporate requirement.
